SUMMARY

Senior UX/UI designer and front-end developer with 20+ years designing government and open-data platforms in Mexico. Takes products from research and information architecture to accessible, production-ready interfaces in React, Material UI and Tailwind CSS, working hand in hand with engineering, legal and communications teams. Most recently Deputy Director of UX/UI Design at Mexico's Anti-Corruption System, leading the design of the National Digital Platform (PDN).

EXPERIENCE

Deputy Director, UX/UI Design & Web Applications

Executive Secretariat of the National Anti-Corruption System (SESNA)

2018 – 2026

- Led UX/UI and front-end design of the National Digital Platform (PDN), which connects 3,611+ public institutions across Mexico's 32 states through 6 core systems holding 11M+ asset declarations and 1M+ public procurement procedures.
- Defined information architecture, user flows, wireframes and prototypes, and built component-based interfaces in React, Material UI and Tailwind CSS together with the development team.
- Designed interactive open-data visualizations with Nivo, consuming REST APIs, JSON and MongoDB.
- Led the 2025 Anti-Corruption Datathon: 91 participants in 23 teams from 20 Mexican states (41% women; 69% public sector).
- Created the visual identity, logos and online/in-person promotional materials for the 2019–2024 editions; the 2024 edition drew 189 registrants in 29 teams from 7 countries.
- Acted as liaison between technical, legal and communications areas to translate requirements into product decisions; also designed the institutional intranet (SharePoint 365).

Systems Engineer, UI & Development Support

Ministry of Public Administration (SFP) – INFOTEC

2015 – 2018

- UI design, responsive layout and usability for DeclaraNet, the asset-declaration system used by ~1.5 million federal public servants.
- Designed the visual proposal and prototypes for the Conflictómetro app and the Human Resources Policy Unit (USP) website.
- Front-end integration with AngularJS, Java PrimeFaces, Bootstrap and Drupal.

Software Engineer

Supreme Court of Justice of Mexico (SCJN) – UAEM projects

2012 – 2015

- Shipped 10+ institutional websites and microsites and the Court's official mobile portal, including online courses and the Latin American Legal Knowledge Portal.
- Front-end development (HTML5, CSS3, jQuery, AJAX/JSON) on Drupal, SharePoint and .NET.

UX/UI Designer & Multimedia Developer

UNIVERSUM Science Museum (UNAM) and cultural institutions

Independent projects

- Designed educational microsites and interactive navigation for science exhibitions, including *Un mundo dentro de ti* (with the American Museum of Natural History), *Imaginario Matemático*, *Vaquita Marina entre redes* and *Exploradores alemanes en México* (Embassy of Germany).

Systems Engineer (Full)

IBM / Iusacell

2009 – 2012

- Designed interfaces for mobile web/WAP apps and portals (sports, music, TV, geolocation and prepaid services) and the PubliWAP mobile-advertising management system.

Head of Department, Web Portal & Interactive Platforms

Federal Electoral Tribunal (TEPJF)

2005 – 2009

- Designed and built the Tribunal's institutional portal, intranet and public sites, from visual design to information architecture.
- Ran the live streaming of plenary sessions during the 2006 presidential election ruling, tuning bitrate and video quality in real time to keep the broadcast available under nationwide demand.

Earlier: Art Director, *Forum* magazine (2003–2005) · Multimedia Designer, DGSCA-UNAM (2001–2003).

SKILLS

UX & design	User-centered design, information architecture, user flows, wireframing, prototyping, design systems, accessibility (WCAG 2.1), visual identity
Tools	Figma, Adobe XD, Illustrator, Photoshop, InDesign
Front-end	React, Material UI, Tailwind CSS, Angular, Bootstrap, JavaScript (ES6+), HTML5, CSS3/Sass
Data	Data visualization (Nivo), REST APIs, JSON, MongoDB, open data
Workflow	Git/GitHub, Agile (Scrum), SDLC, Drupal, SharePoint 365, WordPress

EDUCATION

Master in Visual Arts (Design & Visual Communication), Academia de San Carlos, UNAM — 2013

BA in Graphic Design, UNAM — 1999

BSc in Computer Science, Universidad Londres — in progress

Adobe Certified Expert (ACE), Web Communication — 2014

AWARDS

National Science and Technology Award, Mexico — 2003
1st place, Latin American Congress of University
Multimedia (CLAMU) — 2004
